A. (UNCLAS//) GENERAL ASSESSMENT:

This week the PRP government reaffirmed its commitment to a democratic transition and elections. President Paton in a public address also reassured citizens that the presence of the UPA military in the

//UNCLASSIFIED// (INTSUM 27 W+029 to W+035)

//UNCLASSIFIED// (INTSUM 27 W+029 to W+035)

former North Pineland Province (NPP) is only temporary. He further commented that once the threat along the southern border diminishes, UPA forces would begin re-deployment out of the PRP. In an analogous development, Paton likewise responded to the Piedmont Territorial Governor's outcry for justice based on accusations of crimes committed on (W+001) by members of the UPA 1st Battalion, 3rd Regiment, 29th Mechanized Infantry Division (MID). The charges allege multiple reports of physical abuses and even death. Many of the alleged victims were women and children in the Raleigh-Durham area. President Paton promised that an independent council from the international community would investigate the matter. The UPA Ambassador to the PRP, Mr. Zane Parker, told the press that President Vaccaro fully supports the investigation.

Open source information indicates that the PRP Internal Security Corps (ISC) is closely monitoring activities of God's Right Arm (GRA), which appears increasingly violent. Most attacks are low-level harassment of Liberal Progressive Party (LPP) officials, but based on prior tactics, this trend is expected to progress and may include possible abductions and murder of senior PRP government officials. Objective Greyskull, Joint Prioritized Effects List (JPEL) 678G, was captured last week and is probably undergoing debriefing. After his capture, the kinetic activity associated to the GRA declined significantly in the Raleigh and Durham corridor, since it was stated he was a logistics facilitator. Information in the ROP Bureau of Investigation (RBI) databases on Objective Greyskull supports the notion that he was attempting to acquire additional lethal aid in the tri Border Region (TBR) and supply bomb-makers in the Fayetteville area. GRA militants are most likely deficient on logistical support and resource resupplies as a result of Objective Greyskull's capture.

ROP loyalist forces continue to level successful attacks on UPA forces and appear to have an extensive underground network. This period, the PRP intensified counter-insurgency (COIN) and information operations (IO) under "Operation Brush Fire." Criminal Resistance Intelligence (CRI) and CORDS units also conducted a number of successful raids against known guerilla positions in the Coastal Territory.

Analyst Notes: According to ROP sources, ROP loyalist guerillas are drawing support from the following counties: Scotland, Hoke, Cumberland, Robeson, Bladen and Columbus. The unpopular weapons turn-in and curfews are contributing toward the support of the ROP loyalist cause.

HUMINT Analyst: The UPA Ambassador, Mr. Zane Parker has served in various overseas positions including, Teheran and Caracas. It can be assumed that he still maintains a number of professional ties with senior leaders in both countries.

B. FORMER NPP TERRITORIAL ASSESSMENT SUMMARIES

1) (U) MOUNTAIN

Kinetic activity targeting Federal Border Patrol (FBP) outposts has diminished significantly during this period. GRA may be consolidating or re-focusing violent attacks against the LPP in other areas. One arrest was made in connection with the vehicle borne improvised explosive device (VBIED) attack in Asheville, PRP on (W+028).

Open Source Intelligence (OSINT): IIR 27-178-76-123 WCNC Charlotte News, Weather Traffic, Charlotte, PRP “Asheville bombers arrested.” (W+033)

AP Charlotte, PRP – The suspect in the car bombing incident on (W+028) in Asheville was arrested. On (W+033) according to police authorities, the explosion that struck the Police precinct killed two people and wounded six. The suspect who was identified as Gatu Lacrim Tasdallo, a resident of Durham, is now facing double murder and multiple terrorism charges PRP security forces spokesperson Tenguai McRivers said. Tasdallo’s role in the incident remains unclear. His fingerprints were discovered on evidence pertaining to the case and authorities declined to provide additional information. No other details were disclosed as of this posting.

2) (U) PIEDMONT

Violence in the Piedmont Territory continues to escalate due to attacks from forces loyal to the ROP. At the present, it is difficult to assess if the GRA militant insurgents and loyalist guerillas are operating in any concerted fashion. This week insurgents killed the younger brother of the ISC commander in a

//UNCLASSIFIED// (INTSUM 27 W+029 to W+035)

massive Large Vehicle Bourne IED (LVBIED) attack on the ISC Headquarters. Cordon and search operations targeting anti PRP regime supporters also intensified in the wake of this massive attack attributed to the GRA.

(Exercise Classified) All Source Joint Task Force (JTF) Battle Watch Captain, US Joint Task Force 30, Fort Jackson, South Pineland Province (SPP) US Information Data Network Exchange (USIDNE) (W+029 to W+035) Short Format: SIGACT Number, Report POC, Location, Time, Details, Comments.

(SIGACT JTF-30-077-LUM-W+029), Reported by JTF-30 Fort Jackson, SPP, 0624 hours. The US 2nd Marine Expeditionary Force (MEF) reports that an unknown guerrilla unit ambushed a UPA Marine patrol in Lumberton, PRP. At the onset of the engagement, the lead vehicle struck a victim operated (VO) pressure plate that initiated a directional fragmentation device (DFD) killing two UPA Marines. The other elements of the mounted patrol assumed blocking positions, and during the movement, one UPA Marine initiated a victim operated low metallic content (LMC) anti-personnel (APERS) IED device. UPA Quick Reaction Forces (QRF) was dispatched, but did not locate the enemy guerillas. 3 X killed in action KIA (UPA Military); 4 X WIA (UPA Military).

(SIGACT JTF-30-078-FAY-W+031), Reported by JTF-30, Fort Jackson, SPP, 1145 hours A large explosion occurred at the PRP State house in Fayetteville. The blast occurred as a food delivery truck breached the entry control point (ECP) and sped towards the main Headquarters building for the ISC. The large blast estimated to be around 1,000 lbs, damaged the east wing near Mr. Paton's office. The explosion killed three, wounded seven and five remain missing. Kurt Christian, a detective working at the office building and the younger brother of General Nicholas Christian, died in the blast. At 1208 hours, an anonymous woman called the director of the PRP Bureau of Investigation (BOI), and stated, "the bomb at the state house this morning was from reverend Mop of the GRA" 3 X KIA (UPA ISC); 4 X WIA (UPA ISC).

(SIGACT JTF-30-079-LUM-W+032), Reported by JTF-30, Fort Jackson, SPP, 2245 hours. Eight 81mm mortar rounds impacted the headquarters, 1st Brigade, UPA 28th Airborne Task Force near the Lumberton airport. Some casualties were reported. The attack caused some damage to the brigade support area. 1st Brigade fired counter-mortars to the point of origin (POO) in the vicinity of N34° 34.829', W79° 3.306'. UPA QRF response located four dead guerrillas from the 113th guerrilla band (aka: Sons of Liberty). QRF destroyed one 81mm mortar and recovered three high explosive 81mm mortar rounds, four rifles, equipment, and documents. 1 X KIA (UPA Military); 7 X WIA (UPA Military); 4 X KIA (Guerillas).

3) (U) COASTAL

Indirect fire attacks (IDF) on UPA positions and a number of ambushes on re-supply convoys continued this week. Guerilla forces continue to effect lethal attacks on UPA forces. A number of guerillas were also detained and could be providing additional information to ISC security forces.

(SIGACT JTF-30-081-CRU-W+033), Reported by JTF-30, Fort Jackson, SPP, 0345 hours. A reconnaissance element from the UPA 1st Regiment, 1st MEF was attacked by an unknown guerrilla force one mile west

//UNCLASSIFIED// (INTSUM 27 W+029 to W+035)

//UNCLASSIFIED// (INTSUM 27 W+029 to W+035)

of Crusoe Island. Prior to the ambush, the UPA marine recon element reported heavy enemy movement traveling east, and then all radio contact was lost. QRF deployed and successfully engaged a few remaining guerillas. 2 X KIA (UPA Military); 4 X WIA (UPA Military).

Analyst Note: SIGINT indicates that some of the captured guerillas are third country nationals (TCNs) that have volunteered to fight for the resistance.

(SIGACT JTF-30-082-WAC-W+034), Reported by JTF-30, Fort Jackson, SPP, 0511 hours. A special operations team from the UPA 1st Regiment, 1st MEF was attacked by a pro-ROP guerrilla force from the 113th guerrilla band (aka: Sons of Liberty). The six-man special operations team was ambushed near the Waccamaw River. All six UPA Marines were killed, and the guerrilla force recovered their equipment. 6 X KIA (UPA Military); 0 X WIA (UPA Military).

(SIGACT JTF-30-083-LUM-W+034), Reported by JTF-30, Fort Jackson, SPP, 0713 hours. The 120th guerrilla band fired twenty 81mm mortar rounds into the base camp of the UPA 1st Battalion, 1st Regiment, 1st MEF in Lumberton, PRP. The attack destroyed the battalion tactical operations center (TOC) and the ammunition supply point (ASP). 1 X KIA (UPA Military); 4 X WIA (UPA Military).

(SIGACT JTF-30-084-WAR-W+034), Reported by JTF-30 Fort Jackson, SPP, 0737 hours. UPA 1st Battalion was attacked by IDF west of Ward's station. Thirty-eight 81mm mortar rounds destroyed the petroleum supply point. 0 X KIA (UPA Military); 3 X WIA (UPA Military).

(SIGACT JTF-30-085-NAK-W+035), Reported by JTF-30 HQ, Fort Jackson, SPP, 0913 hours. UPA 2nd Battalion was attacked by IDF south of Nakina in the former NPP. Forty-three 81mm mortar rounds damaged the command post and a series of bunker complexes. 7 X KIA (UPA Military); 14 X WIA (UPA Military).

(SIGACT JTF-30-086-WHI-W+035), Reported by JTF-30, Fort Jackson, SPP, 0713 hours. US 2nd Marine Expeditionary Force (MEF) reports that guerilla forces from the 430th conducted a large IDF attack on UPA Marine units in Whiteville, PRP. Heavy damage was reported to the Petroleum, Oil, and Lubricants (POL) supply point, the regimental dining facility, and two troop billets. UPA QRF reacted and captured a number of guerillas who were recognized after positive identification (PID) of their unit crests above their left breast pockets. 1 X KIA (UPA Military); 3 X WIA (UPA Military); 2 X KIA (Guerillas); 4 X WIA (Guerillas).

Irregular Warfare Analyst Comments: PRP COIN operations continue in the Coastal Territory; however, the appointment of Deputy Richard is of concern to the PRP and UPA. His familial links, reports of active and passive support to the resistance, and prior unprofessional behavior may undermine local national citizen perceptions of legitimate security. Familial links between law enforcement and the guerillas are commonplace in the Lumberton Area and likely provide a motivation for collusion. The loyalist support in Robeson County will likely result in an increase of improvised explosive device (IED) seeding against newly emplaced UPA command posts and ISC checkpoints.

4) (Exercise Classified) OTHER (UPA):

PRP and UPA ended high level discussions this week in the UPA capital. The joint conference hosted directors of the intelligence agencies from China, Russia, Iran, and the UPA.

Tactical Report (TACREP)/GHT-H7789-6UU89 Update 1 [Exercise Human Intelligence (HUMINT) Classified] National Security Agency, (W+031) Several intelligence agencies have agreed to provide an Iranian version of the SA-7 to UPA in the event ROP Aircraft begin hostile acts against the PRP forces along the southern buffer zone.

5) (U) OTHER (ROP):

A number of violent "spill over" events transpired this week throughout the northern region of SPP. The most significant was an attack on the Capitol Building in Columbia, SPP. The groups are probably associated with the PRP, but no claims of responsibility have been communicated to the ROP.

The President of the ROP continued voicing opposition to the secession of the northern Province, but was unable to secure additional support from the international community. In a radio and television address on (W+032), President Canteth appealed for assistance and also called for ROP loyalists to defend the honor of the ROP.

This week the ROP closed the border to incoming refugees from the PRP. The internally displaced persons (IDPs) are now being routed to the Coastal Territory.

(SIGACT JTF-30-090-COL-W+033), Reported by JTF-30, 0645 hours. The ROP capital building in Columbia was attacked with a remote control (RC) initiated IED. The device was located on one of two large propane tanks near the building. Damage to the capital building was significant on the north side near President Hale-Canteth's residence. Two landscape employees were killed and six staff members were wounded due to the blast. The president and his family were not present in the building at the time of the blast. No group has claimed responsibility for the bombing.

(SIGACT JTF-30-091-GRE-W+033), Reported by JTF-30, 1609 hours. An explosion occurred at the Donaldson Center Greenville Airport in the SPP. The blast wave damaged the taxi stand near the exits of the incoming passenger terminal and killed fifteen people and injured thirty. The ROP BOI received an anonymous call from a female, with a French accent. The caller stated "the next time, many American soldiers will die because of our many decades of suffering."

6) (U) OTHER (US Forces and US Inter Agency):

US forces continue to arrive at the Columbia Aerial Port of Debarkation (APOD) and the Charleston Sea Port of Debarkation (SPOD). The US 10th Mountain Division completed relief in place operations with the ROP 2nd Armor Division (AD). The area of responsibility (AOR) is from Oconee County, east to York

County, along the north-south pineland border. The US 3rd MID continued its relief in place operations with the remaining units of the ROP 2nd AD along the north-south Pineland border. Company C, 2nd Battalion, 9th Special Forces Group is preparing to conduct a basic airborne and jumpmaster course with the newly organized ROP airborne brigades.

(SIGACT JTF-30-092-MYR-W+033), Reported by JTF-30, 1709 hours. A US 2nd MEF helicopter crashed during a routine training exercise south of Myrtle Beach, SPP.

C. ADDITIONAL REPORTING (SIGNIFICANT THREATS)

Air. Nothing Significant to Report

Paramilitary/Irregular/Other.

GRA militants are increasing their level of violent activity against LPP targets. To date, GRA has not directly attacked UPA military forces. It is probable that the fragmentary nature of the GRA command structure makes it unlikely that GRA possesses the authority to issue such blanket guidance to level attacks against the UPA forces. Further, despite reporting to the contrary, evidence of successful GRA militant infiltration into the ISC remains a possibility. GRA militants maintain a desire to infiltrate County Law Enforcement for potential intelligence value and to enable insider attacks against the LPP.

Resistance forces continue offensive operations targeting the PRP security and UPA military forces. These guerilla fighters are targeting UPA forces after observing specific unit movement and behaviors. Not only are mounted patrols suffering casualties, but also dismounted personnel with smaller anti-personnel IEDs. Resistance fighters are also employing local observers, some as young as twelve to monitor areas where IEDs are placed.

D. CIVIL CONSIDERATIONS AND IMPACTS

The PRP internal security corps CRI teams initiated a Civilian Intelligence Resistance Development System (CIRDS) with local community leaders to increase the support for the LPP government. Martial law and population and resource control (PRC) measures remain in effect; however, the curfew hours have been readjusted to 2300-0500 hours to promote increased business and industrial production. UPA authorities and General Nicholas Christian are still advocating gun control. The 3rd ISC will soon be fully operational and continues to accept recruits from former members of the ROP military who defected. As the ISC continues to expand, the number of arrests of suspected militants and ROP loyalists continues. The numerous checkpoints and harassment of civilians suspected of ties to the resistance is also creating an overall sense of despair within the population.

J. HIGH PAYOFF TARGET LIST (HPTL)/HIGH VALUE TARGET (HVT) LIST

Updated in separate reporting.

K. OVERALL ESTIMATE

The PRP government is struggling to maintain peace and stability in the former NPP. As the security conditions deteriorate, the citizens are feeling the effects of almost one-year of constant instability. Police and military training of units in the 3rd ISC continues at a very slow pace while some of the select units continue cordon and search operations to detain suspected ROP loyalists or anyone opposed to the secession and the new LPP government. On the international front, the LPP legitimacy effort has gained momentum. The following countries will open foreign embassies in the PRP capital within the next 30 to 180 days— Russia, China, Venezuela, Iran, France, Vietnam, Cuba, Egypt, Germany, Republic of Appalachia, Republic of Columbus, Argentina, Chile, Sweden, Finland, Spain, Switzerland, Yemen, Syria, North Korea, and India.

The PRP Internal Defense and Development (IDAD) programs, supported by the UPA security assistance and interagency programs are providing some needed protection to the population. The government's media and information operations have been mildly successful in explaining the UPA military presence and encouraging reporting of any unusual or suspicious activity. ISC security forces are actively targeting pro-ROP resistance movement in the population centers, and particularly in the known areas of the conservative party (CP) support.

//UNCLASSIFIED// (INTSUM 27 W+029 to W+035)

//UNCLASSIFIED// (INTSUM 27 W+029 to W+035)

The ROP requested that the US lobby for economic sanctions against the UPA, but since many countries support the LPP government's right to govern a sovereign nation, this may be unattainable.
